

## Candlelight Walk

This is the night we all get together  
Every year in all kinds of weather  
Christmas walk by candlelight  
Friends and neighbors walk in the night

On the corner people stood  
Hot chocolate was very good  
Ornaments for sale we eyed  
Buy one and get a free ride

Waiting for the carriage and horse  
Carolers joined to form a chorus  
As we sang song after song  
The wait in line didn't seem so long.

White horse. Brick streets  
White carriage. Three seats  
Open carriage with a roof  
Hear the sound of the horse's hoof

Houses over 100 years old  
North wind blowing very cold  
The blanket we had was fuzzy and warm  
All we needed was a snowstorm

On our ride we did stop and pause  
To pick up jolly old Santa Claus  
Slow on bumpy streets of brick  
Riding along with good St. Nick.

The horse speeds up his gait  
This big surprise was worth the wait  
Houses decorated with Christmas lights  
The ride is over and what a sight
